Office 365 Login Office 365 delivers a best-in-class cloud productivity experience to help students and faculty work together in exciting new ways. Office 365 gives you the flexibility to work in online versions of the familiar Office applications or download the latest versions across PCs, Macs, and Mobile Devices (5 devices per account). Get started using Office 365 today. The What is Office 365? video and instructions below show you how to sign in and get started. Log on to your computer as usual, and then follow these steps: Office 365 Login: Use the following credentials to sign in to Office 365: User ID: First name, Last name@tsu.edu <e.g. jdoe111@student.tsu.edu> Click Sign In If you do not know or remember your password, please send an email to your IT number and student email address. Follow the prompts to reset your initial password. Sign in to the service with your new password. (Remember your new password to access all Office 365 applications.) Log on to your computer as usual, and then follow these steps: Office 365 Login: Use the following credentials to sign in to Office 365: User ID: First name, Last name@tsu.edu <e.g. jdoe111@student.tsu.edu> Password: Computer Login Password Click "Sign In" After you've completed the connection steps, you're ready to start using the service. You can also get online application training and support resources at the Microsoft Office Training Center. Microsoft Application Trainings At its core, Office 365 is the same suite of Office products and services you recognize, now provided through the cloud. Through Office 365, Microsoft offers more features in and greater access to the tools you use, both at work and at home. Office 365 is different in that it is cloud-based, meaning hosting will be provided by Microsoft servers and not UNC-Chapel Hill servers is a subscription-based service, giving UNC-Chapel Hill easy access to the latest software releases offers web-based access to software previously limited to a local installation Benefits of Office 365: Increased email quota of 50 GB Better security: 1 TB of online data storage via OneDrive Better collaboration and communication tools More features and flexibility at work and at home Office 365 is a collaborative, cloud-based storage, communication and applications solution provided by Microsoft. Office 365 is HIPAA and Export Control compliant. Along with the tools we are already familiar with, Office 365 provides secure online storage, project team sites, web apps to view and edit Office files, and social networking to share ideas and spark innovation. Store your Word, Excel, PowerPoint and OneNote files online so that you can access them from any device. Share these files with just your team or to anyone with the link. OneDrive Information OneDrive Training Light weight version of the applications you are already familiar with. You can create, share and edit files from your web browser in OneDrive. Microsoft Office Training Yammer is Stony Brook's official social networking site for sharing ideas and connecting to others to spark innovation as well as to create a community. Yammer Information Yammer Training Host online meetings for work or courses, share your screen and record it all to use later. You can download Skype for Business from the Office 365 portal at stonybrook.edu/office365. Skype for Business has similar web conferencing capabilities. Skype for Business Help Revitalize your notes (handwritten or typed) by gathering audio sound bites, drawings, screenshots, slides and other files that can be accessed from any device. OneNote Help OneNote Training Collaborate on class projects and share assignments. Provide feedback on assignments through private student notebooks that only instructors can see. Interactive User Guide Log into the Office 365 portal from anywhere. Use Office 365 Yammer to work social OneDrive to store files Apps to edit Word, Excel & PowerPoint files Skype for Business to easily communicate and collaborate Install Word, Excel, PowerPoint, OneNote, and Outlook on up to 5 PCs and Macs. Get Office apps for an unlimited number of mobile devices for free. tool Students, faculty and researchers can accomplish more outside the classroom by using the applications they are already comfortable with and keep connected with simple file and note sharing, real-time authoring, and online discussion/idea sharing - accessible & secure where ever there is Internet access. FERPA, HIPAA, & Export Control Compliant. You are empowered to protect your data by setting permissions. Cloud management is quickly & easily automated based on our IT policies which reduce overhead and allows for expedited control. The Division of Information Technology provides support on all of our services. If you require assistance please submit a support ticket through the IT Service Management system.
